About Us

Madison Railroad (MRR) operates a 25-mile mainline extending from Madison to North Vernon, Indiana. The railroad is rich in history, operating the remaining segment of Indiana's oldest rail line.

MRR provides:

- High quality customer service
- Cost-effective pricing
- Customized, local service

Industrial Development

MRR is located in a 3,400 acre industrial park, formerly used as a military base. The railroad works closely with Madison-Jefferson County Industrial Development Corporation (MIDCOR) to attract industry to the community.

Centrally located within minutes
of 3 major cities in the tri-state area

Services

Car Storage

MRR has 10 miles of track for car storage use on a short or long-term basis. The railroad's storage facility is located within a former military base and offers a secure location for the safety of your cars.

Team Track

A common dock area is available for utilization by companies without direct rail service.

Commodities

Line hauls are predominately polyethylene, steel coils and scrap.
